PRAISED FOR THEIR WORK

Congratulatory Letters Pour in Upon Inaugural Committee.

The Compliments of Grand Marshal Greene-Estimated by Mr. Edson That the Crowd Numbered Over 162,000-Receipts and Expenses.

Mail at the headquarters of the Inaugural Committee consists now almost entirely of congratulatory communications. Speciators and participants in the Inau-guration celebration appear to be of but one mind, All say that the festivities just ended have exceeded all expectation, and far surpassed any inauguration that has preceded it in Washington.

To the well directed efforts of the In-nugural Committee all of the credit is given, and the Chairman, John Joy Ed-son, is highly gratified by the numerous expressions of appreciation.

The congratulations of the Grand Marshal of the parade were this merning conveyed to Mr. Edson, in a letter from General Greene. Mr. Edson has received no expression of approval that has given him more gratification than this:

"Hen, John Joy Edson, Chairman Inaug-

Dear Sir-Allow me to congratulate you upon the complete success of your plans for the Inauguration ceremonies of The police arrangements were ad mirable, and in view of the large crowd and the comparatively small police force they reflect great credit upon Major Syl-

The decoration of the Avenue along the route of the parade was most effec-tive. I have seen a good many parades at home and abroad, but have never seen any arrangements for spectators which at all compare with those of yesterday. The substantial manner in which the stands were constructed, the provision of separate seats, duly numbered for each person, the artistic appearance of the stands, all forming part of one complete and harmonious plan, were particularly

"In all these, and in other respects, the arrangements were far superior to those of any previous parade, and you have set a standard for all such exempnies in the

"Again congratulating you, and the ommittees who worked with you, in bringing about such a conspicuous suc-cess. I remain, very truly yours.

"F. V. GREENE."

there will be a small balance, or whether there will be a small balance, or whether or a small deficit.

Mr. Edison does not anticipate a deficit, but, in the absence of actual figures, will not express a more definite opinion. There was a considerable falling off in the receipts from the Inaugural Ball tickets over the amount realized four years ago, but this, it is believed, will be largely made up by the attendance at the concerts which promises to largely exceed that of E.M. Chairmac Charles J. Bell, of the Inaugural Finance Committee, is engaged. In morning in figuring up the receipts of the Inaugural Finance Committee, is engaged. In morning in figuring up the receipts of the Inaugural Ball and of the concerts held yesterday in the Pension Bunding. The receipts from the sale of ball tickets as already enumerated will exceed \$50.000. The supper tickets sold will number over 2.20 and \$1.200 was realized from the concerts, three in number, held vesterday in the Pension Building. The crowds at the concerts today copial the attendance of yesterday. The receipts at the ball four years ago were \$67.550 from the sale of tickets alone. ars age were 847,850 from the sale of

years ago were \$67.50 from the sale of tickets alone.

M. I. Weller, Chairman of the Committee on Public Comfort, is engaged in calculating the number of strangers here for the Langueration. He adheres to his erighted figures of 12,000 as a minimum cartimate of the number of visitors in the city, and is inclined to believe this figure an underestimate. A great deal larger number of passengers than four years ago entered the city by megus of the steamboats and trelley lines, cannecting with the city. Tentative figures show that 5,000 persons were passengers on the Norfolk boats and on the River boats.

The Baltimore boats and the Alexandria forries brought from 5,000 to 0.000 to Vanse, to be used for the erection of a residence half now being erected on the residence half now being erected on the college grounds, and will be put up directly from Virginia and Maryland.

deduct from the whole figure, as an es-timate of the arrivals by railroad. Mr. Weller thinks that at least 40,000 passen-gers were carried by the Baltimere and Ohio, and that a conthe city by the Pennsylvania.

SUMMONED BY MR. PHILBIN.

New York District Attorney Looking Into a "Protection" Case.

NEW YORK, March 6.-District Atter ing for the appearance in his office of Mila, Lois Arnett and Elizabeth Smith, the latter a negress, who have made affidurits, now in the District Attorney's hands, against a police captain and his wardman. At it a clock the women walked into the office of Assistant

and his walked isto the office of Assusana, District Alterney Schurman.

No one in the office of the District Attorney would talk about the matter, but it is understood that the captaig in the case is in command of a West Side precinct not far from the Tenderloin. The exaction of "protection money" from the Hamilton woman is understood to be the charge. Commissioner Murphy of the Police Department was asked what action the case and he he intended taking in the case and he said he had heard nothing of the matter.

Accidentally killed His Friend. SOUTH BOSTON, Va., March 6.—Philip Lofts and Wright Link, neighbors living near Omega, in Hattfax, were returniof Mr. Loftis Sunday night. and when in Loftis' yard, and only a few and the in Lories yard, and only a few paces from the home. Loftis told Mr. Link that he had a fine pistol he had recently traded for, and he wished him to examine it and tell him what he thought of it. Idak tosk the pistol and was examining it when it went off, the ball sessing through the heart of Loftis. An inquest was held today, and the verdict was; "Shet accidentally."

LEAVES THE CITY'S EMPLOY. Captain Gaillard to Go to Duluth

Mina., to Reside. Capt. D. D. Galliard, detailed as Assistant to the Engineer Commissioner of the District since July 21, 1899, today retired from the service of the Municipal Government, and will leave the city tonight

for his new post at Duluth, Minn. for his new post at Duluth, Minn.
Captain Gaillard spent two hours at the
District Building this morning saying
good-by to his friends and associates, of
whom he has many, During the period of
his service here he has shown unusual
ability in the performance of the duties
assigned to him, and carries with him the
good wishes of all.

The Commissioners regret deeply the
necessity which takes Captain Gaillard
frem among the employes of the District.

WANT THE ESTATE DIVIDED. A Bill in Equity Filed on Rehalf of

the Tappett Heirs. A bill in equity was filed in the Suprem-Court of the District today by Marion A. Tippett, through Attorneys Charles H. Merrilat and James B. Archer, jr., for partition of the estate of the late Edward . Tippett. The property consists of several houses on Capitol Hill, valued at

Edward T. Pippett, the bill states, died Edward T. Topett, the bill states, died in 1855, leaving his estaate to his wife, Hester, for life, and after her death to his four children, Nelson Tippett, Grace Bernhard, Marioa A. Tippett, and Emma Marshall. The wife died in January, and it is new sought, by means of a friendly suit, to secure distribution among the heirs.

CARD-PLAYING ON SUNDAY.

A Denver School Superintendent Approves the Practice.

DENVER, Col., March 6.—Colorado teachers may play cards and even poker, if they wish to do so. This was the decision made today by Miss Emma C. Herey, county superintendent of schools.
The school law, one says, does not regulate the personal conduct of teachers.
The complaint was made by Mrs. Alvina Curtis, of the castern part of this county. Mrs. Cartie is a Methodist and county. Mrs. Cartis is a Methodist and was much shocked by the card-playing habits of a girl teacher from Denver. The

superintendent, however, says:
"I regard cand-playing as a harmless Sunday diversion in a district where the most exciting event is a coyote yelp."

INCENDIARISM IN CHICAGO. Two Fires Started in a Windy City Flat Building.

CHICAGO, March 6.-The mysterious person who set fire to half a dozen hotels several weeks ago, and who has successfully cluded the detective department, be-Mr. Edsen stated this morning that he was as yet unable to determine definitely what had been the financial results of the linanguration eccemonies. It has been he gain operations again lest night by setting fire to the Argyt flat building, Jackson he in the preparation for the celebration, and not create a deficit nor a large excess over the expenditures. This has been so well accomplished that at the present moment it is impossible to ascertain whether the complished that at the present moment it is impossible to ascertain whether the entire amount of the guarantee fund has been met by the receipts, or whether or a small deficit. Bres were started in the building, both being discovered at the same time, on the third and fifth floors. They were discovered by a watchman before they had gained headway, but caused \$2,000 damage. Chief Sweene lavestigated the matter personally and stated the fires were, without doubt, incendiary, and from traces left, were the work of the same man, who recently set several hotels en fire.

Portsmouth Council also adopted a reso-lution requesting the Southern and other railways to exercid their tracks to that city.

WEATHER CONTINUES COLD

The Prospects for Low Temperature for Several Days Good.

The cold weather, of which the sn ized blizzard that appeared shortly before midnight last uight was the forerunne ay, but inasmuch as the sky was clear and the sun shining the temperature was not as disagreeable as is would otherwise have been.

The prospects are that the cold weather

The prospects are that the cold weather will coginue at least until after tomorrow. The forecast issued at the Weather Buncau this mercing states that there will be continued cold weather tonight and Thursday. In all probability the cold wave will last until about Saturday, when a rise in the issuerative man.

SILK MILLS TO BE CLOSED.

Drastie Action Taken Against Strik. ers in Pennsylvania.

WILKESBARTH, Pa., March 6.-At egret meeting of the owners and man agers of the various silk mills throughout Wyoming Valtey held in Scranton ten days ago it was agreed that each mil where a strike was declared, or the em-playes demanded an increase of pay d be closed until July 4. hould be crosed that July 1.

The Commissioners Pleased With Congressional Appropriations.

to Be Grateful-Opinion as to How Bills for Taxes May Be Procured From the Office of the Assessor. with the treatment the District Government received at the hands of Congress in the way of apropriations. While the Municipal Building project failed and

some other improvements which are much needed were not provided for, Congress appropriated something over \$1,000,-000 more money for the District than was contained in the last District Appropria-

just and generous treatment at the late session. More was done for the District than by any former Congress. Everything of importance that the Commisdoners recommended in their annual reort was provided for except the District Building, and we have good hope of get-ting that at the first session of the next

dation of the Commissioners that it should provide for the deficiency which it had created, and make advances from the Treasury, so that whatever appropriations it deemed necessary might be made without regard to the deficiency. Under this out regard to the deficiency. Under this arrangement Congress made the best appropriations that have ever been made for the District. They provide not only for the expedition of both the filtration plant and the sewage disposal system, and the completion of the Aqueduct tunnel and new reservoir, but for the preparation of plans for the municipal hospital, a site and the preparation of plans for a new almoshouse and the construction of a new morgue, basides many peeded increases in the Police, Fire, Health, and other departments.

ments.
"Congress also gave us the District code, provided for the elimination of Congress also gave us the District code, provided for the elimination of steam railroad grade crossings, and for new terminal facilities, including new stations, and passed the bill for the reorganizations, and passed the bill for the reorganization of the police force, besides other necessary measures recommended by the Commissioners. The District Building bill was brought into the best shape practicable, and was nearer passage than is generally understood; and the project was left in a very favorable position for the next Congress. The Memerial Bridge project is in very much the same situation. The Anacostia River improvement measure, which went down with the River and Harbor bill, will also stand a good chance in the next Congress.

"Nothing that Congress did was more valuable to the District than its cordial participation in the Centennial celebration on December 12, last. It was apparent that Congress was impressed on that goeasion with the progress the city is making along all lines."

Andrew B. Duvall, the Attorney for

oills from the Assessor's office, unless he first made affidavit that they would be paid. The complaint and the report of

paid. The complaint and the report of the Assessor upon the matter were recently published in the Times.

In stating the proposition contained in Mr. Slater's communication the Attorney says that the requirement of an affidativit is based upon a regulation enforced by the Assessor in order to curtail the great waste of time and labor in making out pills that are never paid, thus interfering with the great volume of current work of his office. Mr. Duvall quetes a statement of the Assessor as beating on the wisdom of such a reas a satement of the assessor as any on the wisdom of such a rement, that in the past few years sends of bills for arrears of taxes been made for persons who did not d to pay the same, and that in many they were never paid, and in other they byte been used as the basis obtaining decrees of the court cangitaves.

The object of the regulation," says the Attorney, "is to manifest the bona fides of the application in the interests of the aublic revenue and the public time. The ffidavit of intention to pay the taxes within a certain time is made free of harge and the regulation, therefore, imposes no expense whatever upon the applicant.

icant.
"It does not seem to me that this is
n unreasonable requirement. The pur "It does not seem to me that this is an unreasonable requirement. The purpose of making out tax bills against property is to obtain the payment of the taxes, and an applicant for bills for arrears of taxes would appear to have no just ground for complaint when thus required to give evidence of his purpose and intention in reference thereto."

The Commissioners today issued orders rovisions of the assessment system, the

ame having been duly advertised: To set new curi and lay cement side To set new car's and lay cement side-walk on the east side of Third Street northward to the north line of lot '9. square 776, at an estimated cost of \$470, to be assessed against lots 4, 37, 28, 39, and 49, square 776; on the south side of F Street northeast, from Fourteenth Street east building line of said Fourteenth Street east building line of said Fourteenth Street, at an estimated cost of \$419, to be assessed against all lots in square 162, abutting on spid F Street between the limits named. On both sides of Detroit Street from Twelfth Street to Thirteenth, at an estimated cost of \$476, to be assessed against all lots in block 5 and block 6. South Brookland, abutting on said Detroit Street between the limits named. To reset curb and lay cement sidewalk on both sides of N Street northwest, from Fifth Street to Sixth Street, at an estimated cost of \$48,4 to be assessed against all lots in square 480 and 481 fronting on said N Street between the limits named. To reset curb and lay brick or cement sidewalk on the south side of Chicago Street northeast, from First Street eastward to the east line of lot 76, square 720, at an estimated cost of \$400, to be assessed against lots 59, 164, 62, 165, 65, 66, 67 68, 69, 70, 71, 72, 72, 74, 75, and 76, square 720. William Tindall, Secretury of the Board alk on the east side of Third Street

William Tindall, Secretary of the Board Commissioners, today informed D. C. ountain, Secretary of the East Wash-

gton Heights' Citizens' Association th reference to the estalishment of po e patrol boxes in several streets in that radity, that the funds available for the tension of the police patrol service are hausted and that it will not be possi-e to establish any additional boxes er to establish any additional boxes oring the present fiscal year. AN AGGRAVATING COUGH CURED.

A customer of ours who had been suffering from a severe cough for six months bought two bottles of Chamberlain's Gengh Remedy from us and was santiedy cured by one and one-half bottles, of it. It gives perfect satisfaction with our trady—fluynes-Parker & Co. Lineville, Ala. A persistent cough is the first symptom of consumition and should never be neglected. This is only one of the many housands who have been used by Chamberlaio's Cough Remedy. For sele by Henry Evans, wholesale and retail, and 411 druggists.

sion of the Engineer Department, has been transferred to the position made vacant by the death of C. P. Clements, with an increase of salary. The trans-fer takes effect February 16, 1991.

The Commissioners today replied to D. W. Baker and v. J. Lambert, who appeared before them yeesterday, requesting a permit to extend the height of a party wall on the premises 1212 Massachusetts Avenue, siating that the Board did not deem it advisable to grant the permit. Mr. Macfarland Says There Is Reason

permit.

It was suggested to the attorneys, it is said, unofficially that the builders of the adjacent building would be permitted to build up the party wall to the required thickness from below, and in that manner accomplish what is sought in the application denied.

THE NEGRO ACADEMY.

Final Session at the Lincoln Memorial Church Tonight.

The second session of the American Negro Academy was held last evening at 7:30 on more money for the District Appropriation bill.

The Commissioners are disposed to look at the matter in the light of the aggregate rather than to consider simply specific items which failed to be included in the list. The Board has no criticism to offer, but on the contrary is satisfied with results achieved.

Commissioner Macfarland speaking to day for himself and his colleagues, said:

"The District of Columbia certainly has reason to be grateful to Congress for its lust agang reasons to be grateful to Congress for its lust agang reasons to be grateful to Congress for its lust agang reasons to be dead of the college and of the University of Yale College and of the University of Italian and the college and of the University of Italian and his colleagues, said:

"The District Appropriation in the last picture of the previous meeting at 7:30 of the chim success.

London.

Referring to industrial education for the negro, the speaker said that in gonsidering the question there are two views to be taken. 'First,' said he, 'there is a mechanical training for the negro. This practically means a brainless training, producing as a necessary result a brainless, unprofitable industry. It makes the negro a machine, and is interested in him as a machine.

ting that at the first session of the next Congress. While Congress did not grant all the estimates of the Commissioners, it gave us, taking all the appropriation bills together, about \$1,000,000 more for the fiscal year than the appropriations for the present year.

"This is all the more remarkable and praiseworthy, because when the Commissioners went before Congress in December they were face to face with an estimated deficiency of over a million dollars, caused by the appropriation of two millions of District revenue within three years to purchase land for street extensions. Fortunately, instead of cutting down the appropriation, Congress accepted the recommendation of the Commissioners that it should provide for the deficiency which it had

oursuits.

"The true industrial scheme for the negro must be one which emphasizes the education of his mind as a preliminary, and uses his higher training as subservient and tributary to his practical usevient and tributary to his practicel usefulness. To strike out mental from industrial training is to encourage a descent from civilization to aboriginal life, is to prefer the log house to a modern building, land squatting with the simple hoe to modern agriculture with improved machinery, traveling by stage coaches to steam locomotion. Under such a system electricity is annihilated, the shoemaker sinks into a cebbler, and every laborer becomes a jack-of-all-trades but master of none and quarries with his tools."

There will be another meeting this afternoon at 2 o'clock, and a final one tonlight at 7:39.

YOUNG MAN A PRISONER.

Held for Ransom in a Long Island

Resort. BLUE POINT, N. Y., March 6 .- The father of Frank S. Avery, the young man who disappeared from his home on Washington's Birthday, has received an anony-mous letter stating that the young man is held a prisoner in a resort on Main Street, Patchegue, L. I. Mr. Avery thinks his on is held for ransom. The letter was turned over to the au

horities and they decided to make a raid valuable to the District than its cordial participation in the Centennial celebration on December 12, last. It was apparent that Congress was impressed on that cocasion with the progress the city is making along all lines."

Andrew B. Durall, the Attorney for the District, today submitted to the Communication of Robert Y. Slater, who complained to the Board some time ago that he was unable to obtain certain turn that he had left for Centre Moriehes the day before.

About six months ago he was taken with a severe pain in his foot. Soon afterward the member began to turn black till at the present time it is the color of chony. It is also as hard as bone and when struck it resounds as though it were a hollow piece of wood. There is as feeling in it, save at intervals when it feels as though it were belief burned. At such times Townsen fans it till the feeling passes away.

A short time ago he broke off two of the toes without the sitshiest pain. He the toes without the slightest pain. He expects that the affliction will grow till it causes his death.

RAILROAD MEN QUIT WORK.

trouble will extend further and that every man in the shops will quit work. The strike had its origin in the announced intention of the railway to put the men on piece work. The unions resolved to quit rather than continue if the piecework system was inaugurated. The near have been quitting for the past two works and seeking employment elsewhere. There will be necessarily an expensive or the strike will be necessarily and the strike where the service of the strike will be necessarily as the strike will be necessarily as the strike will be necessarily as the strike will be not provided as the strike will be necessarily as the strike will be not the strike will be necessarily as will be no opposition to new men taking

their places. THE JURORS OBJECTED TO. Complaints Made in the New Orleans

NEW ORLEANS, March & Objection has been raised to the jury in the case of the negroes charged with being impli st July, in which a number of section of last July, in which a number of persons, white and black, were killed, on the ground that the grand and petty juries are composed entirely of white men. The objection raised is that juries in New Orleans are autocratic, while most of the crimes are committed by poor and ignorant men. The jury com are denounced in the complaint for not

selecting two jurors from among the ne-groes, who constitute 100,000, or one-third, of the population of the city.

The district attorney in reply states that several negroes had recently served on juries in New Orleans, and that it was a mere accident that there were none in the panel to try riot cases.

ASSISTANT CASHIER MISSING. A Pennsylvania Bank Official Short

in His Accounts. PREEPORT, Pa., March 5.-Charles D. Ludwick, assistant cashier and bookkeep er of the Freeport Bank, has been missing ince Monday, and an examination

ooks is said to show a shortage of about \$2,500.

The cashier's disappearance caused a run on the bank, but the prompt arrival of Isaac Guckenhelmer, who is closely comnected with the bank's interests, with ample funds to meet all obligations, quinkly restured confidence. Mr. Guckenhelmer says the shortage will pot exceed \$2,500.

THE GRIP CURE THAT DOES CHRE Laxative Brome-Quinine removes the cause.

"FACTORY GIRLS."

The Graceful and Handsome Women who Work at the Loom.

Any one who has lived in a factory town and has seen the tide of human life which floods the streets when the mills stop for the day, will have been struck by the number of graceful and handsome young girls among the throng. Light hearted, smiling, mirthful, it is hard to realize that they have just left a day's fatiguing work. But another sight at-

languid of movement, and he realizes that these were but a few years ago as bright and lanppy as their younger fellow-workers. It is natural to ask the

cause of such a physical change, which is not to be explained by the stress and strain of daily labor, because there are

not a few who, in spite of years of steady work, retain the girlish attractiveness of

work, retain the gurish attractiveness of face and figure. Perhaps the most important cause of this change is to be found in the prevalence of ailments peculiarly femine, which drain the vitality and sap the strength. If the truth were known it would be found that these work nown the work work in the second that these works out women had been working.

worn-out women had been working

under physical conditions, which, if a man suffered them would be enough to

send him to bed. With throbing head

on, feeling that she cannot afford either to rest or pay a physician's fees, and

every day sees her grow more weary and

THERE'S NO NEED TO STOP WORK

or pay expensive fees in order to be cured of womanly diseases. Hundreds of thousands of weak and sick women

have been made well and strong by the use of Dr. Pierce's Favorite Prescription.

It establishes regularity, dries the drains which weaken women, heals inflamma-

tion and ulceration and cures female

weakness. It makes weak women strong

"A few years ago I suffered severely with female weakness and had at times

dreadful pains," writes Mrs. V. Brown, of Creswell, Harford Co., Maryland. "I

went to my doctor, and he gave me medicine which did me good for a while,

so weak around my waist could hardly

bear anything to touch me. My feet

would keep cold and I could hardly do my work. I would work a while and

then lie down a while; was completely run down. Suffered from disagreeable

and aching back the wage earner

more weak.

and sick women well.

fatiguing work. But another sight attracts the onlooker. He sees groups of other women, thin at form, dull of eye, feetly and permanently cured. Only two women in each hundred have failed of a complete cure, and even in these cases there has been marked relief and improve-ment; the headache is less frequent, the backache less severe, and household duties long laid aside are under taken anew with comfort and satisfaction. "I can truthfully say that Dr. Pierce's vorite Prescription is a wonderful medicine and deserves the praise given it," writes Mrs. Emma

Favorite Prescription, three of his 'Golden

Medical Discovery' and one vial of Dr. Pierce's Pleasant Pellets, and following

the advice you gave regarding the 'Lo-tion Tablets,' I can truly say that I am

cured. The doctor said it was uterine disease I had."

The sick woman who begins the use of Dr. Pierce's Favorite Prescription

begins the cure with the first dose she takes. Women who have suffered for

long years and found no help from doctors or other medicines have found a

perfect and lasting cure in the use of "Favorite Prescriptio";"

and almost always cures. This statement is based upon the fact that of the hundreds of thousands of women

IT ALWAYS HELPS

Spooner, of Lakeview, Montcalm Co., Mich., Box 288. "I was sick months and medicine prescribed by the doctors did me no good. Finally I wrote to Dr. R. V. Pierce for his advice. He swered in a very kind letter, instructing me what to do. I followed his advice, and to-day am a well woman, thanks to Dr. Pierce."

No woman should delay the use of Favorite Prescription" if she is suffering from womanly disease. The longer womanly disease is neglected the greater its effect on the general health, and the slower the cure. There is no object in experimenting with other medicines when the experience of thousands of women proves that "Favorite Prescrip-tion" is the experience. tion" is the surest and salest of put-up medicines for the cure of disease peculiarly womanly.

THE PRIVILEGE OF SICK WOMEN.

Sick and ailing women are invited to consult Dr. Pierce, by letter, free. All correspondence is sacredly secret and the written confidences of women are guarded by the same strict professional privacy observed by Dr. Pierce and his staff in personal consultations with women at the Invalids' Hotel and Surg-ical Institute, Buffalo, N. V. Address Dr. R. V. Pierce, Buffalo, N. Y.

It is hardly possible to overestimate the value of this free consultation by letter with Dr. Pierce. In numezous cases such as Mrs. Spooner's, when local medical advice and treatment had failed to give relief, a letter to Dr. Pierce has been the means of restoring perfect health. Accept no substitute for " Pavorite Prescription." The substitute medicine is only the shadow instead of the substance and is pressed on the customer because it pays the dealer a little more

profit than is paid by a high-class standard preparation like "Favorite Prescription.

FREE TO WOMEN. Dr. Pierce's great medical work, the Common Sense Medical Adviser, is sent but I would get worse again. I had a sick headache nearly all the time; was free on receipt of stamps to pay expense of mailing only. This work contains more than a thousand large pages of valuable medical information. Send 31 valuable medical information. Send 31 one-cent stamps for the cloth-bound volume, or only 21 stamps for the book Address Dr. R. V.

drain and also severe pains at times. After using five bottles of Dr. Pierce's The Bristol Yacht May Be Covered

The deck planking is being prepared by the gang of carpenters, and will need but to be fastened and calked after it is laid, a job which requires only a week. As but little other work is done on a Herreshoff Cup detender before the launching, it is evident that the date is not now very far away. Work on the steel mast is now making excellent headway in the north shop, and there will probably be no cessation until it is finished.
